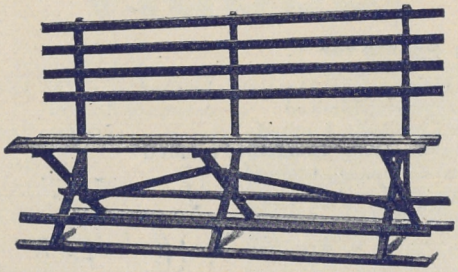
Lawn Rollers

Without a good Roller, a smooth, even lawn is impossible. The Roller illustrated is on the lines of the best English makes. Rounded edges so that it will not cut or tear the turf. 20 inches in diameter by 20 inches wide. Every Roller made in two sections. Handle stands straight up when not in use. Made in 250 lb. and 350 lb. sizes for ordinary lawns. Special Rollers for Cricket, Tennis and Rowing Clubs.



Lawn Settees

Comfortable and will stand hard usage. Well braced—can be folded for storage. Footboard to protect grass and keep feet from damp. Length, 6 feet; Weight, 40 lbs. **400 of this pattern supplied City of Winnipeg.**

Lawn Vases

Beautiful and lasting ornament for lawns, verandahs, balustrades, etc. Painted with handsome Aluminum Bronze. Gives distinction and "class" to your lawn or garden.

The Telegram

NO MANUFACTURER today can afford to neglect the Great Canadian Field. NO ADVERTISER can invade Canada without a study of the field. NO CANADIAN campaign can be complete without Winnipeg—and in Winnipeg, best results follow

The Telegram's Flag

Winnipeg is a great city and the Winnipeg market a great market. Nowhere else on the American Continent, in all probability, is there a population that spends so much per capita for advertised goods. Certainly nowhere in Canada is there a more responsive market for good advertising of good goods. Winnipeg is the dominant city of Western Canada—the most rapidly growing trade country on the face of the globe—and advertising in Winnipeg carries its effect over Western Canada as far as the Mountains.

Rockford Drill Co.
Presto Heaters

Every progressive machine shop that has more business than it can easily handle should get in touch with us. We can supply machines that will increase your output at minimum labor cost, and eliminate the necessity of increasing the capacity of your plant.

We have competent engineers at each of our offices who will gladly tender their services absolutely free, to help you pick the most suitable machines.

Great care has been taken in selecting the lines we carry, and we know from experience that they are the best value we can offer our trade.

Everything is backed by our guarantee to be as represented. If after a trial you find any article or tool lacking what we claim for it, ship it back at our expense.

Bitulithic Pavement

The Ideal Boulevard

This pavement is constructed by the latest scientific process, and excels all others in durability, ease of maintenance, and is more economical than block.

Its rough, gritty surface makes it the ideal pavement for driving and motoring. Horses step out freely without fear of slipping, and motors do not skid when the pavement is wet.

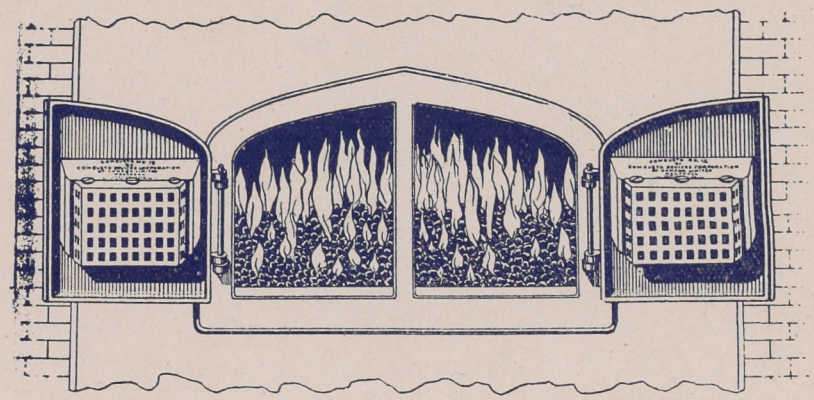
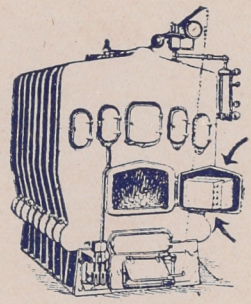
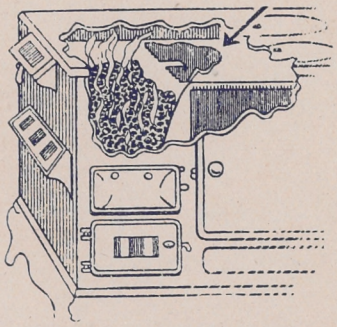
"Combusto"

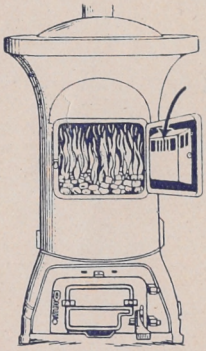
The Fuel Economizer

A Mechanical Device for lessening the Coal Consumption of Ranges, Hot Water Heaters or Steam Boilers









These Devices are **Manufactured in Canada** by the COMBUSTO DEVICES CORPORATION OF CANADA, LIMITED, and each Device is **Guaranteed** by the Manufacturers to give the results claimed or money will be refunded. They consist of single castings, easily adjusted to any stove or furnace, without injury to same.

Guaranteed results from the Use of Combusto Devices.

1. A saving of one-third of your former coal consumption in ranges, and from one-fifth in furnaces and heaters.
2. Permits the use of all grades of coal or wood with good results.
3. Elimination of coal gases, cooking odors and flue soot.
4. No ash sifting, little or no cinders, no clinkers.
5. Even and quicker heat for cooking, baking in one-quarter less time.
6. Doubles the life of grates and fire bricks.
7. By maintaining an even room temperature, your home is more healthy and colds less frequent.

Introductory

THE PUBLISHERS present herewith the Thirty-seventh Annual Edition of HENDERSON'S WINNIPEG DIRECTORY. They do not believe that the work could be made more complete, and they have faithfully endeavored to show within these pages the constant growth of the City in population and in commercial and industrial development.

Although the present work has been issued in a time of threatened uncertainties and financial unrest, the business community thoroughly maintains its confidence in the present stability and future progress of the West.

This Edition embraces the area of GREATER WINNIPEG, comprising the territory of the City proper, Elmwood, St. Boniface, Norwood, St. Vital, St. James, Assiniboia, Kildonan and other environs.

Special attention is directed to the Miscellaneous Section in the front part of the volume. A new feature this year is the Social Service Directory.

The Advertising Department presents the names of corporations, firms and individuals who are making Winnipeg the great City that it is, and who are a power in the financial, industrial and commercial world of Western Canada.

This Advertising Department, together with the Classified Directory, contains an alphabetical list of all articles made and sold in Winnipeg and virtually makes it a city catalogue and forms a most complete buyer's guide.

The removals and changes in the information this year have been greater than ever previously experienced in the compilation of the WINNIPEG DIRECTORY and has caused an enormous amount of extra work. The Publishers have maintained the highest standard.

The Street Section shows an increase in the number of homes and buildings, and the Alphabetical Directory shows about the same number of names as last year's edition.

Population of Greater Winnipeg, 273,047

These figures deal with Greater Winnipeg, and are an estimate only, based upon the number of names the Directory contains. ***This is not a census.***

The publishers desire to thank their patrons and the general public for the unfailing courtesy given their representatives, and also to say that they appreciate most thoroughly the confidence and satisfaction which the business men of Winnipeg have always shown in their work.
